

Pinnacle Road Crossing

Pinnacle Manufacturing's Road Crossings are designed with job site safety in mind. The low profile design keeps traffic flowing. They are designed for high flow rates with 8 inch and 12 inch flanged connections with 4" cleanout drains. Lifting lugs are built into the stacking corners making transporting and storing easy. All road crossings are SSPC-SP6 blasted and powder coated safety yellow.

Available Sizes:

8 Inch Flanges X 12 and 24 ft Long
12 Inch Flanges X 12 ft and 24 ft Long
Custom sizes available upon request.
